

## KEY TO SUCCESS #2:

INCLUDE THE GOVPAYNET PAYMENT  
OPTION LINK ON YOUR PUBLIC WEBSITE

Another great way to raise public awareness of the GovPayNet payment option is by adding a link to your website. It makes it simple for users to pay bail, traffic tickets, court fees, fines and more from anywhere, anytime online.

To get started, go to [www.GovPayNet.com/library](http://www.GovPayNet.com/library) and click on **GovPayNet Website Update Tools** for easy instructions on how to add the link to your website.
